#GIVINGTUESDAY

Help Support the Rescue

A Place For All Animal Rescue, Inc is participating in [#GivingTuesday](#).

A Place For All Animal Rescue, Inc has been in operation since April 2007. We are a small foster-based rescue and have rescued and adopted out many animals for more than 10 years. Over the years, we have spent thousands of dollars to take care of the animals in our care. These costs have included treatments for heartworm positive dogs, puppies with parvo, severe whipworm/hookworm, ACL surgeries, sarcoptic and demodetic mange, rickets, broken legs, etc. All of these cases required a substantial amount of funds and some were cases that required hospitalization for days and sometimes weeks. These dogs and puppies have been adopted out and doing great in their forever homes. They include Winston, Stewie, Alvin, Pippa, Fiona, and the list goes on. The above picture is Freedom when he arrived at the shelter. Freedom went into a foster home and quickly grew in their hearts. The second picture shows what a good grooming will do.

We also rescue cats and kittens from a feral colony. A couple kittens hit by cars were rushed to the veterinary for emergency treatment, but didn't survive. We found kittens abandoned by their moms that required bottled feeding until old enough for adoption. These include Boo, Butterscotch, Snap and Pop to name a few recent kittens abandoned (pictures above).

We take in puppies and seniors

In addition to medical cases, the costs for vetting, spay/neutering, monthly heartworm preventative, flea and tick preventative, food, supplies and basic care of all the animal in the rescue is where the donations and adoption fees go towards.

Looking for Foster Families

Rescue pays for the food and vet bills families provide the love! We pull from local facilities and from high kill shelters in the south. If you want a particular type or size of dog, we can often work with our network to find that type of dog.
